

Agenda

Homework:

- **Gradebook closes
Mon/Tues
(3/14 & 3/15)**
 - ***FINAL EXAM***
 - **AM Notebook**

Materials:

- **Folder Paper**
- **Ruler**
- **Calculator (if needed)**

Do Now:

- **Turn in Math
Notebook**
- **Highlight tests
BELOW a 95% on
your gradesheet**

Recap of Quarter 3

- Linear Equations
 - Slope & y-intercept:
 - Graph
 - Table
 - 2 Points
 - Word Problems
- Graphing $y = mx + b$
- Scatter Plots
 - Positive, Negative, No Correlation
 - Line of Best Fit
 - Finding the equation for the line of best fit
 - Using Equation to predict future events

Linear Equations Recap

–Slope &

y-intercept:

- Graph

- Table

- 2 Points

–Word Problems

Graphing $y = mx + b$ Recap

- M = move (rise/run)
- B = beginning point (y-int)

Scatter Plots Recap

- Positive, Negative, No Correlation
- Line of Best Fit
- Finding the equation for the line of best fit
- Using Equation to predict future events

Classwork

- **Three Stations:**
 - **Station 1 (back)** – Performance Task
 - **Station 2 (Right):** Completing Study Guide or Test corrections to **study** for Final
 - **Station 3 (Center):** Notebook **Summaries & Makeup Work**
 - **Station 4 (Left):** AM
- *If all caught up with work, then you may work on homework for other classes*
