

# Q3 Final Exam

Systems of Equations &  
Comparing Functions w/Inequalities

# Agenda

## Homework:

- Make up work
- **Gradebook closes @ 2:30pm TUESDAY (3/15)**

## Materials:

- Calculator
- Ruler

## Do Now:

1. Turn in AM Notebook if completed
2. On your desk solve the following system of equations:

$$3x + 4y = 35$$

$$x - 2y = 5$$

# Do Now

$$3x + 4y = 35$$

$$x - 2y = 5$$

# When done with test

- **DOUBLE CHECK** your work
- **TRIPLE** Check your work
- **Bring test to the front** to turn in to the teacher
- Then:
  1. Complete any makeup work
  2. Work on homework for other classes
